

For more than one hundred years, women have banded together to the right to vote. This year, women are asked to band together once again, to win seats from the TN House in Nashville to the hallowed halls of the US Senate in Washington DC.

This fund was established in 1977 to memorialize Jean Livingston who exemplified our values and ethics. Our endorsed candidates will carry those same values and ethics into positions of leadership when elected and your contribution today will help them have the resources they need to win.

We're asking those who want to strengthen and galvanize our rightful places in all facets of government, to contribute. The TFDW Jean Livingston Memorial Fund designates every penny raised, to be used for the endorsement of our women candidates from across the state.

Regards,
Gina Sims-Johnson
Jean Livingston Memorial Fund, Chair
